Read the releases, and get on SREA first thing Friday morning!

Like jingoistic patriotism, it’s a sort of tribal truth.
Maybe you heard about that.
It’s a consensus truth that lends East Tennessee, indeed, most of America, an ep
ic-scale identity.
Most do not believe in evolution.

To this day, the sort of Biblical creationism Bryan defended holds sway in this country.
Unlike many of my opponents, who’d been blasting me on the Letters page, at the NS website and on the radio, I mostly stuck to rational arguments.
That endorsement was and remains a black mark on the News-Sentinel record.
Somehow the thought was a somber one on a somber day in November.
True even if it didn’t happen.
Not for his campaigns against an imperialist foreign policy, against monopolies and other special interests running the country.
What kind of chance did I have in a town that believed Adam and Eve rode to chur ch on dinosaurs?
Unlike many of my opponents, who’d been blasting me on the Letters page, at the NS website and on the radio, I mostly stuck to rational arguments.
I turned away from the tracks, almost in a military pivot, I realized, and squar ed my shoulders to enter the restaurant.
Like jingoistic patriotism, it’s a sort of tribal truth.
To this day, the sort of Biblical creationism Bryan defended holds sway in this country.

I seldom if ever used such words in print.
Maybe it wasn’t so strange I’d think of him.
True even if it didn’t happen.
To this day, the sort of Biblical creationism Bryan defended holds sway in this country.
It occurred to me that restaurants like this was where people often fired collea gues or dumped old lovers so they’d make no unpleasant scenes.
It occurred to me that restaurants like this was where people often fired collea gues or dumped old lovers so they’d make no unpleasant scenes.
Don Williams is a prize-winning columnist, blogger, short story writer, and the founding editor and publisher of New Millennium Writings, an annual anthology of literary writings.
So when McElroy asked me to meet with him and the editorial page editors at the Regas, one of Knoxville’s classiest old restaurants downtown, I was worried.
True even if it didn’t happen.

What could be clearer?
It is a tragedy, indeed, to begin life as a hero and to end it as a buffoon.
After all, his body had lain right there where I was looking.
It is a tragedy, indeed, to begin life as a hero and to end it as a buffoon.
To this day, the sort of Biblical creationism Bryan defended holds sway in this country.
Somehow the thought was a somber one on a somber day in November.
He is finishing a novel, "Red State Blues," set in his native Tennessee and Iraq .
That endorsement was and remains a black mark on the News-Sentinel record.

Most do not believe in evolution.
Unfortunately, my editors were interested in a different kind of bottom line.
Something about his monumental life and death resonated with my human-scale dram a that November morning.
Like jingoistic patriotism, it’s a sort of tribal truth.

I thought about how Bryan deserved a measure of the contempt heaped on him by th e likes of H.

It meant collusion in a war that has cost maybe a million lives and created mill ions of refugees, amputees and mental cases.
There’d been an outpouring of love for Bryan by thousands who crowded the tracks in Knoxville for a glimpse of this champion of the common man.
He is finishing a novel, "Red State Blues," set in his native Tennessee and Iraq .
He is finishing a novel, "Red State Blues," set in his native Tennessee and Iraq .
And so I stood on Gay Street and gazed down on the old railroad tracks, and foun d myself thinking about William Jennings Bryan.
Like jingoistic patriotism, it’s a sort of tribal truth.
I’m not fanatical about it, but I do believe in reason as a good way to arrive a t bottom line truths.
The answer was, of course, that there is no difference.
It meant collusion in a war that has cost maybe a million lives and created mill ions of refugees, amputees and mental cases.
With this practical question sinking in, I returned to the present, to my own bo dy and soul.
I turned away from the tracks, almost in a military pivot, I realized, and squar ed my shoulders to enter the restaurant.
His assertion that Christian faith was the bedrock of brotherhood and charity.
Most do not believe in evolution.
It meant collusion in a war that has cost maybe a million lives and created mill ions of refugees, amputees and mental cases.
Let’s call it "community viability.
